

Provider Expo and Art Exhibit

Cardinal Innovations Healthcare Solutions

Five County Community Operations Center

Featuring:

Behind the Seen:
Encounters with Contemporary Family

A community project using art and film as a medium to spread awareness and provide insight into the uniqueness of families with young children experiencing emotional and behavioral challenges.

AND Local Artists

Learn about...

- Provider Options for Mental Health Treatment
- Substance Use/Addiction Treatment & Intellectual/Developmental Disabilities Services for both Children and Adults
- If you want to know what provider treatment options are available, please attend this expo or send an agency representative

This special art show will illuminate the creativity of consumers, family members and provider staff in our community.

Want to learn more about Social Marketing?
