

§ 160A-23. District map; reapportionment.

(a) If the city is divided into electoral districts for the purpose of electing the members of the council, the map or description required by G.S. 160A-22 shall also show the boundaries of the several districts.

(b) The council shall have authority to revise electoral district boundaries from time to time. If district boundaries are set out in the city charter and the charter does not provide a method for revising them, the council may revise them only for the purpose of (i) accounting for territory annexed to or excluded from the city, and (ii) correcting population imbalances among the districts shown by a new federal census or caused by exclusions or annexations. When district boundaries have been established in conformity with the federal Constitution, the council shall not be required to revise them again until a new federal census of population is taken or territory is annexed to or excluded from the city, whichever event first occurs. In establishing district boundaries, the council may use data derived from the most recent federal census and shall not be required to use any other population estimates. (1969, c. 629; 1971, c. 698, s. 1.)

§ 160A-22. Map of corporate limits.

The current city boundaries shall at all times be drawn on a map, or set out in a written description, or shown by a combination of these techniques. This delineation shall be retained permanently in the office of the city clerk. Alterations in these established boundaries shall be indicated by appropriate entries upon or additions to the map or description made by or under the direction of the officer charged with that duty by the city charter or by the council. Copies of the map or description reproduced by any method of reproduction that gives legible and permanent copies, when certified by the city clerk, shall be admissible in evidence in all courts and shall have the same force and effect as would the original map or description. The council may provide for revisions in any map or other description of the city boundaries. A revised map or description shall supersede for all purposes the earlier map or description that it is designated to replace. (1971, c. 698, s. 1; 1973, c. 426, s. 10.)
