This application may be inspected at the **County Finance Office** located at **122 Young Street, Suite B, Henderson, NC** from **8:30 a.m. – 5:00 p.m. Monday - Friday**. Written comments should be directed to **David Beck**, before **October 6, 2014**.

CERTIFIED STATEMENT
FY2015
RURAL OPERATING ASSISTANCE PROGRAM
County of Vance

WHEREAS, the state-funded, formula-based Rural Operating Assistance Program (ROAP) administered by the North Carolina Department of Transportation, Public Transportation Division provides funding for the operating cost of passenger trips for counties within the state;

WHEREAS, the county uses the most recent transportation plans (i.e. CTSP, CTIP, LCP) available and other public involvement strategies to learn about the transportation needs of agencies and individuals in the county before determining the sub-allocation of these ROAP funds;

WHEREAS, the county government or regional public transportation authorities created pursuant to Article 25 or Article 26 of Chapter 160A of the General Statutes (upon written agreement with the municipalities or counties served) are the only eligible recipients of Rural Operating Assistance Program funds which are allocated to the counties based on a formula as described in the Program Guidelines included in the ROAP State Management Plan. NCDOT will disburse the ROAP funds only to counties and eligible transportation authorities and not to any sub-recipients selected by the county;

WHEREAS, the county finance officer will be considered the county official accountable for the administration of the Rural Operating Assistance Program in the county, unless otherwise designated by the Board of County Commissioners;

WHEREAS, the passenger trips provided with ROAP funds must be accessible to individuals with disabilities and be provided without discrimination on the basis of national origin, creed, age, race or gender (FTA C 4702.1A, FTA C 4704.1, Americans with Disabilities Act 1990); and

WHEREAS, the period of performance for these funds will be July 1, 2014 to June 30, 2015 regardless of the date on which ROAP funds are disbursed to the county.

NOW, THEREFORE, by signing below, the duly authorized representatives of the County of Vance North Carolina certify that the following statements are true and accurate:

- The county employed a documented methodology for sub-allocating ROAP funds that involved the participation of eligible agencies and citizens. Outreach efforts to include the participation of the elderly and individuals with disabilities, persons with limited English proficiency, minorities and low income persons in the county's sub-allocation decision have been documented.
- The county will advise any sub-recipients about the source of the ROAP funds, specific program requirements and restrictions, eligible program expenses and reporting requirements. The county will be responsible for invoicing any sub-recipients for unexpended ROAP funds as needed.
- The county will monitor ROAP funded services routinely to verify that ROAP funds are being spent on allowable activities and that the eligibility of service recipients is being properly documented. The county will maintain records of trips and services for five years that prove that an eligible citizen was provided an eligible transportation service on the billed date, by whatever conveyance at the specified cost.
- The county will be responsible for monitoring the safety, quality and cost of ROAP funded services and assures that any procurements by subrecipients for contracted services will follow state guidelines.
- The county will conduct regular evaluations of ROAP funded passenger trips provided throughout the period of performance.

- The county will only use the ROAP funds to provide trips when other funding sources are not available for the same purpose or the other funding sources for the same purpose have been completely exhausted.
- The county assures that the required matching funds for the FY2015 ROAP can be generated from fares and/or provided from local funds.
- The county will notify the Mobility Development Specialist assigned to the county if any ROAP funded services are discontinued before the end of the period of performance due to the lack of funding. No additional ROAP funds will be available.
- The county will provide an accounting of trips and expenditures in a semi-annual report and a final year-end report to NCDOT – Public Transportation Division or its designee.
- Any interest earned on the ROAP funds will be expended for eligible program uses as specified in the ROAP application. The County will include ROAP funds received and expended in its annual independent audit on the schedule of federal and state financial assistance. Funds passed through to other agencies will be identified as such.
- The county is applying for the following amounts of FY2015 Rural Operating Assistance Program funds:

State-Funded Rural Operating Assistance Program	Allocated	Requested
Elderly & Disabled Transportation Assistance Program (EDTAP)	67,535	67,535
Employment Transportation Assistance Program (EMPL)	12,799	12,799
Rural General Public Program (RGP)	60,672	60,672
TOTAL	141,006	141,006

REZONING CASE # RZ1409-2

STAFF PROJECT CONTACT: Jordan McMillen

EXPLANATION OF THE REQUEST

This is a request to amend the zoning map and to rezone 1 parcel from Office-Institutional (O-I) to Residential Low Density (R-30).

OWNER/APPLICANT

OWNER: Cardinal Innovations Healthcare Solutions
4855 Milestone Avenue
Kannapolis, NC 28081

Applicant: Cardinal Innovations Healthcare Solutions
4855 Milestone Avenue
Kannapolis, NC 28081

PROPERTY INFORMATION

LOCATION: 1410 Lynnbank Road, more specifically identified as tax parcel 0451 01005A. Said property is located at the intersection of N. Lynnbank Road and S. Lake Lodge Road.

EXISTING LAND USE: The parcel is currently zoned O-I and was formerly a group living quarters. That operation has been inactive and shut down for several years.

SURROUNDING LAND USE: The surrounding land use is predominantly R-30 and A-R zoning categories. The only other zoning category in this general area is the parcel immediately to the west of subject property, which is Fuller's Chapel Church and is zoned O-I.

SIZE: The existing parcel is 1.36 acres, as shown on attached plat.

ZONING HISTORY: All parcels in this area are zoned as they were since countywide zoning was established in November 2011.

IMPACTS

This rezoning changes the allowable uses of the property from being non-retail commercial in nature to low-density residential. The same small-scale institutional uses permitted under O-I would remain permitted under R-30. However, larger scale institutional uses, such as colleges, fire stations, and medical clinics would not be permitted under R-30. Furthermore, if the proposed amendment is approved, multi-family dwellings would be permitted with a conditional use permit under R-30, which is not permitted under O-I.

In terms of lot standards, the amendment as proposed would reduce the dimensional requirements across the board. Minimum lot area would be reduced to 30,000 square feet, lot width to 100 feet, street frontage to 100 feet, building height to 35 feet, front setbacks to 30 feet, side setbacks to 20 feet, and rear setbacks to 25 feet. The improvements on the property currently meet the requirements under R-30.

STAFF COMMENTS

The rezoning request as presented would change the property's zoning from O-I to R-30. This request is being made to allow the structure to serve as a single family dwelling, which is not permitted under the parcel's current zoning category.

Planning staff deems this rezoning request to be very reasonable. The surrounding area is overwhelmingly residential and agricultural in nature. The proposed amendment would make this parcel consistent with the allowable uses of surrounding properties. It would also align with the county's rural and agriculture characteristics. Finally, a rezoning approval would allow the utilization of the property by attracting potential buyers of the property who wish to use it as a family dwelling.

PLANNING BOARD RECOMMENDATION: Recommended approval of rezoning on September 11, 2014.

Attachments: Rezoning Application, Legal description, Survey Map, Aerial view map

BOARD OF COMMISSIONERS

Whenever the Board of Commissioners makes a decision to adopt or to reject a zoning amendment, the board must approve a written statement describing whether the action is consistent with an adopted comprehensive plan. The statement must also address why the board considers the action taken to be reasonable and in the public interest. The board is not required to follow its adopted plans in zoning decisions, but must consider its reasons for deciding to follow the plan or not.

Draft Rationale for Board of Commissioners Approval: The rezoning is consistent with the county's land use plan by promoting productive reuse of an existing structure. Additionally the rezoning will position the property to be zoned in a similar fashion to the surrounding area.

Statement of Justification

1. Would the amendment correct an error in the zoning map? NO YES: *Please explain below:*

2. Have conditions changed in the area to justify the requested amendment? NO YES: *Please explain below:*

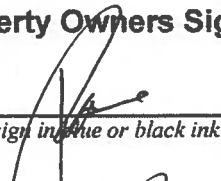

In order to sell noted property the zoning must be changed to R30 for residential purposes.

3. What factors justify the proposed amendment?

A change to R30 zoning brings the subiect property in compliance with adjoining residential uses.

PLANNING STAFF REPORT REZONING CASE # RZ1409-1

STAFF PROJECT CONTACT: Jordan McMillen

EXPLANATION OF THE REQUEST

This is a request to amend the zoning map and to rezone 1 parcel from Planned Manufactured Housing Community (R-M-H-C) to Agricultural Residential (A-R).

OWNER/APPLICANT

OWNER: Frances Faye Wilson
190 Water Front Drive
Henderson, NC 27537

Applicant: FLS Energy, Inc.
130 Roberts Street
Asheville, NC 28801

PROPERTY INFORMATION

LOCATION: 2041 Vicksboro Road; more specifically identified as tax parcel 0533 02001.

EXISTING LAND USE: The parcel is currently zoned R-H-M-C and was formerly Max's Mobile Home Park. The mobile homes were removed throughout the mid-2000's and there are currently two remaining structures on the property. An approximate 75 ft. by 75 ft. family cemetery is located 435 feet from Vicksboro Road.

SURROUNDING LAND USE: The surrounding land use is mixed, but R-30 and A-R zoning categories are mainly present. Farmington Subdivision (zoned R-30) lies directly to the east of subject property. Zoning category R-30 also abuts the northern boundary of subject property, while zoning category A-R borders the western and southern boundaries.

SIZE: The existing parcel is 50 acres, as shown as Tract 2 on attached survey (Recorded Plat Book C pg. 117).

ZONING HISTORY: All parcels in this area are zoned as they were since countywide zoning was established in November 2011.

IMPACTS

This rezoning changes the allowable uses of the property from being strictly residential with related recreational, commercial and service facilities to uses compatible with rural, agriculture, and low-density residential development. As a result of this change from R-H-M-C to A-R the lot standards change. The setbacks for parcels zoned R-H-M-C are 50 feet which must include a vegetative buffer. Category A-R requires 50 feet in the front, 25 feet on the side, and 35 feet in the rear. Should this rezoning be approved, a

mobile home park would no longer be a permitted use on the property, but would require a conditional use. A rezoning to A-R does change the allowable uses; however a conditional use permit with public input would be required for those uses that may have greater impacts.

STAFF COMMENTS & PLANNING BOARD RECOMMENDATION

The rezoning request as presented would change the property's zoning from R-M-H-C to A-R. This request is being made as a first step to allow a large scale solar energy system (22.39 acres) to operate on the premises. If the rezoning is approved then the applicant will then proceed with the conditional use permit approval process with the Board of Adjustment. This is due to the fact that solar farms are not permitted within the A-R zoning category and are only permitted within the A-R zoning district with a conditional use permit.

In considering any rezoning request it is important to consider the overall impact that the new zoning category could have irrespective of any particular planned use in mind. From looking at the surrounding area and respective zoning categories, it is evident that the Agricultural Residential category dominates the zoning landscape. Zoning category R-30 is also scattered around with the presence of Farmington Subdivision directly to the east of the subject property and East View Farms farther to the northwest. Pounder Branch Mobile Home Park is located approximately a ¼ of a mile to the west of the subject property.

After reviewing the land use plan, this particular rezoning request is not located within any designated development areas and is located within an agricultural and low density residential setting. This rezoning request seemingly will align the property's zoning category and allowable uses with those surrounding it, while maintaining the rural character of the county. As such, it appears that the requested rezoning is consistent with the county land use plan.

PLANNING BOARD RECOMMENDATION: Recommended approval of rezoning on September 11, 2014 on the basis that the rezoning would cause the property to be rezoned in a similar fashion to surrounding property.

BOARD OF COMMISSIONERS

Whenever the Board of Commissioners makes a decision to adopt or to reject a zoning amendment, the board must approve a written statement describing whether the action is consistent with an adopted comprehensive plan. The statement must also address why the board considers the action taken to be reasonable and in the public interest. The board is not required to follow its adopted plans in zoning decisions, but must consider its reasons for deciding to follow the plan or not.

Draft Rationale for Board of Commissioners Approval: The rezoning is reasonable and consistent with the county's land use plan by promoting the county's agricultural character. Additionally by approving the rezoning the property would be zoned similarly to the surrounding property and would be positioned for reuse.

Rezoning Process

Vance County Planning & Development Department

Statement of Justification

1. Would the amendment correct an error in the zoning map? NO YES: *Please explain below:*

The property was formerly improved with a more intense use, the Wilson mobile home park and was zoned RMHC to accommodate this former use.

2. Have conditions changed in the area to justify the requested amendment? NO YES: *Please explain below:*

Since the former closure of the mobile home park, low-impact, well planned solar projects have become a business that is growing in North Carolina. In keeping with best practices, and based on feedback from numerous local governments throughout the state, the siting of ground mounted solar, where properly buffered in A-R zones is in keeping with responsible land use.

3. What factors justify the proposed amendment?

FLS Energy is committed to best-in-class, well maintained solar energy projects that provide appropriate transitions between adjacent land uses in AR zones. The property is currently zoned RMHC and is not likely to be rebuilt with its former use. Ground mounted solar when developed by an experienced company such as FLS, serves the public purpose of diversifying the neighborhood's, and North Carolina's energy mix. The low impact and low traffic associated with solar facilities make it most reasonably place in AR zones. Best construction practices, including low-height, are then utilized to minimize the impact on the health, safety and welfare of adjacent property owners.

Human Resources Committee

Position Vacancies. (A) Fire & Ambulance has a position vacancy for a *Fire Engineer*. This position is essential to ensure the minimum staffing levels are met. (B) The Jail has a position vacancy for a *Detention Sergeant*. This supervisory position is critical to safety and security of the Jail. (C) The Jail has a position vacancy for a *Detention Officer*. This position is critical to safety and security of the Jail. (D) Social Services has a position vacancy for an *Income Maintenance Supervisor II*. This position is responsible for the administrative and technical supervision of a small staff of income maintenance caseworkers in Food and Nutrition Services. (E) Social Services has a position vacancy for an *Income Maintenance Caseworker II*. This Food and Nutrition caseworker takes applications, determines eligibility and maintains a case load of clients. This position is critical to meeting program standards. (F) Social Services has a position vacancy for a *Child Support Agent II*. This position serves the needs of custodial and non-custodial parents in the pursuit of child support money. (G) Social Services has a position vacancy for a *Social Work Supervisor II*. (H) Social Services has a position vacancy for an *Income Maintenance Supervisor II*. This position supervises the Medicaid Transportation Program, Program Integrity, and Hearings. (I) Social Services has a position vacancy for a *Spanish Interpreter II*. This position assists Spanish-speaking families in accessing needed assistance in all programs of the agency. (J) Planning and Development has a position vacancy for a *Lead Code Enforcement Officer*. **Committee Recommendation:** *Authorize the filling of the vacant positions as requested. The Lead Enforcement Officer is being held for now.*

County Manager Search Process. *Approval of questions selected for first round if interviews, Direction from the Board as to how they want to handle the review of applications, who will be on the initial and follow-up interview panels, and the selection of second interview questions.*

Creation of EMS Director Position. The committee was informed of the request from the Public Safety Committee for the HR Committee to consider establishment of an EMS Director position. The Public Safety Committee will continue to review the potential for establishing this position in the context of the Fire and EMS Study that was completed in 2008. No action by the Board is requested at this time. (See Public Safety Committee Report)

Retirement Participation for Part-time Firefighter Positions. In order to continue the current arrangement of hiring part-time firefighters to staff two slots during the week at a VFD station in the north and south sections of the County and remain, it is necessary to begin paying retirement system contributions for these firefighters. Failure to do so will significantly reduce the number of available firefighters to staff these part-time slots. The anticipated cost is expected to not exceed \$9,100 annually and is projected to not exceed \$6,800 for the remainder of this current fiscal year. **Committee Recommendation:** *Approve payment of retirement system contributions for part-time County-employed firefighters, effective October 1, 2014, with the funding to come from the Special Fire Tax Fund.*

Public Safety Committee

As requested by the Board of Commissioners, this committee met on Monday, September 15 to discuss matters related to filling the EMS Director/Fire Marshal position. The three Battalion Chiefs recommended that the County create a separate position of EMS Director and allow the current position to function as Fire Chief/Fire Marshal since the two functions of Fire and EMS have already been reorganized into separate divisions in the department. The two positions would be at the same organizational level and expected to work closely together to maintain essential interaction between the two departmental functions. Further, there would be a need for three additional positions to adequately staff the two functions. The Battalion Chiefs also expressed the need for staff for an additional ambulance per shift (6 additional positions) due to high volume of EMS calls. Also requested was the provision of bullet-proof vests for EMS personnel as they respond in high risk situations. The Battalion Chiefs agreed to develop and implement internal policy prior to using the vests. The committee decided to recommend to the Human Resources Committee that it immediately consider the creation of an EMS Director position and review the need for adding other positions as appropriate in the future. **Committee Recommendation:** *Appropriate \$14,000 from the Contingency for the purchase of 25 bullet-proof vests for County EMS personnel.*

Governmental Government Committee

This committee was asked to consider a set of resolutions adopted by Surry County (resettling of illegal immigrants, including unaccompanied minors) and a separate resolution adopted by Henderson County (asking for release of an American citizen held hostage in Mexico). The committee meeting was scheduled but had to be cancelled. However, the committee members individually reviewed the resolutions and are supportive of the Surry County resolutions but not the Henderson County resolution. **Committee Recommendation:** *Adopt the four resolutions as presented.*

Planning & Environmental Committee

The Board of Commissioners directed this committee to consider the extension of a grant to Semprius, Inc. and formulate a recommendation back to the Board. In order for the State to extend the grant, the County will need to make a formal request. The committee is set to meet on Monday, October 6 for this purpose and will report to the Board later that evening.

RESOLUTION
by the
Vance County Board of Commissioners
Resettling of Illegal Immigrants Including Unaccompanied Minors

WHEREAS, the citizens of Vance County, North Carolina recognize their duty as law-abiding citizens to act in accordance with the U.S. Constitution and the North Carolina Constitution, and are endowed with rights to life, liberty and the pursuit of happiness, which our government has been instituted to secure: and

WHEREAS, the federal government is failing to protect the borders of our country in accordance with Article 1, Section 8 of the U.S. Constitution; and

WHEREAS, it is estimated that more than 90,000 illegal alien minors will arrive in the United States during 2014 and an additional 145,000 illegal alien minors during 2015; and

WHEREAS, this country is a nation of immigrants, save a current minority, and in its earlier days, accepted individuals of any and every location, age, hue, combination and variety and has the most open accepting and liberal immigration laws of any nation; and

WHEREAS, that door of opportunity remains open for many of the poor, tired huddled masses, yearning to be free, the presence of so many, now totaling over 250 million, has caused a tightening of the requirements for entry, to preserve the quality of life, a lifestyle unequalled anywhere in the world; and

WHEREAS, this country has never experienced this type of crisis before, as those having sought entry generally valued the integrity of the family and honored the protection of their own children; and

WHEREAS, the economic plight of countries sharing the continent have now allowed and encouraged minors to travel alone at great peril, preventing the American assimilation process founded upon principles of labor and education, and straining the already over-burdened facilities, employees, and funding of the naturalization community; and

WHEREAS, the President's implementation of DACA was the impetus that started the flow of minor children to the United States border as well as the Federal Government's refusal to enforce immigration law; and

WHEREAS, the influx of school-age minors will have an adverse effect on our local school district educational funding, resources, campus security, public health and safety infrastructure, as well as all county resources; and

WHEREAS, this forced emergency reveals its hyperbole in that now the illegal entrants run to the arm of the immigration officials instead of trying to secret one's self; and

WHEREAS, this issue is not of Vance County's making, and is much larger than Vance County, and Vance County does not have the excess resources necessary for relief.

NOW, THEREFORE, the Vance County Board of Commissioners, meeting in regular session, does hereby urge its government to uphold the laws of the land, cease any practices that would encourage minors and adults fleeing to this country for economic reasons, expand from contiguous jurisdictions immediate removal of any applicants while there case awaits a hearing, and refrain from any unaccompanied minors and adults in Vance County.

NOW, THEREFORE, BE IT FURTHER RESOLVED, that we urge our U.S. Senators to pass U.S. House Representative Bill HR 5272 and HR 5230 that addresses this crisis in an appropriate and straightforward manner.

Adopted this the 6th day of October, 2014.

Resettling of Illegal Immigrants Including Unaccompanied Minors from El Salvador

WHEREAS, the citizens of Vance County, North Carolina recognize human trafficking as one of the most shameful and egregious crimes of humanity, deceiving millions of men, women, and children around the world and forcing them into exploitative situations; and

WHEREAS, human traffickers represent a \$31.6 Billion dollar criminal enterprise which exploits failures in immigration policy and border security whose revenues funds transnational criminal organizations, drug cartels and terrorist crimes; and

WHEREAS, on August 4th, 2014 White House and Administration officials identified El Salvador as a source country for unaccompanied illegal children entering the United States by means of illegal smuggling and human trafficking; and

WHEREAS, it is estimated that more than 90,000 illegal alien minors will arrive in the United States during 2014 and an additional 145,000 illegal alien minors during 2015; and

WHEREAS, the State Department has identified El Salvador as a Tier 2 country where its citizens are subjected to sex trafficking and forced labor and has not fully complied with minimum standards for the elimination of human trafficking; and

WHEREAS, El Salvador has failed to enforce Article 367B of the Salvadoran Penal Code as self-evident by a decrease in the number of prosecution and convictions of human trafficking cases, thereby becoming a safe haven for transnational criminal organizations and drug cartels to operate, while importing over \$580 million dollars' worth of products into North Carolina; and

WHEREAS, the federal government, in failing to protect the borders of our country in accordance with Article 1, Section 8 of the U.S. Constitution, has therefore become complicit in human trafficking; and

WHEREAS, the United States is a known destination country in human trafficking, having failed to protect its sovereign borders stands in violation of Article 11 Section I of United Nation Protocol to Prevent, Suppress and Punish Trafficking in Persons Especially Women and Children, which states, "Without prejudice to international commitments in relation to the free movement of people, States Parties shall strengthen, to the extent possible, such border controls as may be necessary to prevent and detect trafficking in persons."

NOW, THEREFORE, BE IT RESOLVED that the Vance County, North Carolina Board of Commissioners does hereby call upon the Government of El Salvador to enforce Article 367B of its Penal Code, to pass in accordance with the United Nations Protocols 1 and 2 against Transnational Organized Crime, comprehensive anti-trafficking laws prohibiting forced labor, increasing its government's investigation, prosecuting and convictions of human trafficking offenses including forced labor crimes and forced prostitution of adult victims, and to increase its local law enforcement resources to ensure the safety of its most vulnerable population.

NOW, THEREFORE, BE IT FURTHER RESOLVED if the Salvadoran and United States Governments continue to willfully ignore human trafficking violations, then the governing board of Vance County will call for a statewide boycott of all products which have the place of origin identified as El Salvador, and upon so doing we shall strongly recommend to the three thousand sixty-nine (3,069) counties within the United States to do likewise.

WHEREAS, the citizens of Vance County, North Carolina recognize their duty as law-abiding citizens to act in accordance with the U.S. Constitution and the North Carolina Constitution, and are endowed with rights to life, liberty and the pursuit of happiness, which our government has been instituted to secure; and

WHEREAS, human trafficking is one of the most shameful and egregious crimes of humanity, deceiving millions of men, women, and children around the world and forcing them into exploitative situations; and

WHEREAS, human traffickers exploit failures in immigration policy and border security of nations resulting in a \$31.6 Billion dollar global criminal enterprise funding transnational criminal organizations, drug cartels and terrorist crimes; and

WHEREAS, on August 4, 2014 White House and Administration officials identified Honduras as a source country for unaccompanied illegal children entering the United States by means of illegal smuggling and human trafficking; and

WHEREAS, the State Department has identified Honduras as a Tier 2 country where its citizens are subjected to sex trafficking and forced labor and has not fully complied with minimum standards for the elimination of human trafficking; and

WHEREAS, Honduras has failed to enforce Article 149 of its Penal Code and to enact proactive methods to protect all its citizens, thereby becoming a safe haven for transnational criminal organizations and drug cartels to operate, while importing over \$870 million dollars' worth of products into North Carolina; and

WHEREAS, the federal government is failing to protect the borders of our country in accordance with Article 1, Section 8 of the U.S. Constitution; and

WHEREAS, the United States is a known destination country in human trafficking, has failed to secure its sovereign borders, and thereby has become complicit in human trafficking in clear violation of the 13th Amendment of the U.S. Constitution, the U.S. Criminal Code Title 18 Chapter 77 Sections 1581, 1584, 1589, 1590, 1591, 1592, and Article 11 Section 1 of United Nation Protocol to Prevent, Suppress and Punish Trafficking in Persons Especially Women and Children, which states, "Without prejudice to international commitments in relation to the free movement of people, States Parties shall strengthen, to the extent possible, such border controls as may be necessary to prevent and detect trafficking in persons."

*County Attorney's
Report*

**RESOLUTION AUTHORIZING UPSET BID PROCESS
FOR SALE OF REAL PROPERTY
412 Bobbitt Street, Henderson, NC 27536**

WHEREAS, Vance County owns certain real property with an address of **412 Bobbitt Street, Henderson, North Carolina**, and more particularly described by the Vance County Tax Department as Parcel Number **0068-02052**; and,

WHEREAS, North Carolina General Statute §160A-269 permits the county to sell real property by upset bid, after receipt of an offer for the property; and,

WHEREAS, the County has received an offer to purchase the real property described herein above in the amount of **\$750.00** subject to the terms and conditions as included in the submitted offer to purchase bid, submitted by *Roger M. Silva*; and,

WHEREAS, *Roger M. Silva* has paid the required deposit in the amount of **\$750.00** with his offer.

THEREFORE, THE VANCE COUNTY BOARD OF COMMISSIONERS RESOLVES THAT:

1. The Board of County Commissioners declares the real property described above surplus and authorizes its sale through the upset bid procedure of North Carolina General Statute §160A-269, after the City of Henderson agrees to convey their interest as well.

2. A notice of the proposed sale shall be published which shall describe the property and the amount of the offer and shall require any upset offer be subject to the same terms and conditions as contained therein except for the purchase price.

3. Any person may submit an upset bid to the Clerk to the Board of County Commissioners within 10 days after the notice of sale is published. Once a qualifying higher bid has been received, that bid will become the new offer.

4. If a qualifying upset bid is received, a new notice of upset bid shall be published, and shall continue to do so until a 10-day period has passed without any qualifying upset bid having been received. At that time, the amount of the final high bid shall be reported to the Board of County Commissioners.

5. A qualifying higher bid is one that raises the existing offer by the greater of \$750 or ten percent (10%) of the first \$1,000.00 of that offer and five percent (5%) of the remainder of the offer and is subject to the same terms and conditions of the previous bid.

6. A qualifying higher bid must also be accompanied by a deposit in the amount of the greater of \$750 or five percent (5%) of the bid, which may be made by cash, cashier's check

or certified funds. The County will return the deposit of any bid not accepted and will return the bid of an offer subject to upset if a qualifying higher bid is received.

7. The terms of the final sale are that the Board of County Commissioners must approve the final high offer before the sale is closed and the buyer must pay with certified funds or wire transfer the bid amount and any other amounts as required pursuant to the terms and conditions of the bid at the time of closing, which shall be no later than 30 days following the approval by this Board of the final bid. The real property is sold in its current condition, as is, and the County gives no warranty with respect to the usability of the real property or title. Title will be delivered at closing by a **Non Warranty Deed**, subject to exceptions for ad valorem taxes, assessments, zoning regulations, restrictive covenants, street easements, rights of others in possession and any other encumbrances of record. Buyer shall pay for preparation and recording of the Deed and revenue stamps.

8. The County reserves the right to withdraw the property from sale at any time before the final high bid is accepted **and the right to reject all bids at any time.**

9. If no qualifying upset bid is received, the Board of County Commissioners will accept or reject the bid submitted within 60 days after the close of the 10-day upset period.

This the 6th day of October, 2014.

Vance County
County Manager's Report to the Board
October 6, 2014

A. Emergency Management – Vehicle Purchase. The Henderson-Vance County Emergency Operations Department annually receives an emergency management performance grant and has traditionally used these grants for replacement of response vehicles. Grants received in the past two years total \$30,100. Another grant is expected in March, 2015 to total \$15,000 + as well. Brian Short, Emergency Operations Director, requests the replacement of a 10-year old Ford Expedition with a Ford F250 truck that will allow towing ability and storage for emergency management equipment and supplies. The projected cost of \$35,014 will be covered 100% by grant funds. ***Recommendation:*** *Approve the purchase of a 2015 F250 truck for emergency management at a cost of \$26,514, a camper shell for \$3,000, and up to \$5,500 for vehicle equipping, for a total cost not to exceed \$35,014. Funds are to come from emergency management performance grants.*

Request to the Vance County Board of Commissioners

2015 Emergency Operations Vehicle Purchase

Executive Summary

Vance County Emergency Operations is in receipt of two (2) grants through the Emergency Management Performance Grant program totaling \$29,745.

Further, on or about March of 2015, we will be receiving an additional \$15,000.00 through the same grant program for a total of about \$44,745.

We would like to use the majority of these funds to replace one of our vehicles that is in desperate need of replacing.

The current vehicle is a 2004 Ford Expedition (over 10 years old) and we are recommending that this vehicle be surplused and replaced with the vehicle outlined below.

We have received a quote for a 2015 Ford F-250 truck that would replace the aging Ford Expedition.

The quote represents State Contract pricing, therefore there is no need to bid out the purchase.

The grant funds would cover the cost of purchasing the vehicle outright and equipping the vehicle for public safety use.

If approved, there would be no cost to Vance County associated with this purchase.

The remainder of the funds we would like to carry over to the upcoming fiscal year (as we have done in the past) to be used towards the replacement of another vehicle in the coming years.

We ask that you please give serious consideration to this request and we thank you in advance for your time and attention.

I will be happy to answer any additional questions that any of you should have.

Objectives	Outcomes
<p>1. Producers will increase sales of food locally to more agriculturally aware consumers through market development, producer and consumer education, and new farmer and infrastructure support.</p>	<ul style="list-style-type: none"> ● Kerr-Tar Beekeepers Association met for August meeting with 16 members present. The educational topic was making honey into wine or Mead (Honey Wine). Members stated after the meeting that their knowledge had increased about honey wine and it gave them another alternative value added product that they could make from their honey.
<p>2. Agricultural producers, workers, food handlers and consumer will adopt safer food and agricultural production, handling, and distribution practices that reduce workplace and home injuries/illnesses, enhance food security, and increase the quality and safety of food that North Carolinians prepare and consume</p>	<ul style="list-style-type: none"> ● Growing The Fall Garden Workshop, 4 gardeners attended. After workshop surveys stated that all attendees increased their knowledge about vegetables to plant in the fall garden, how to control insect pests in the fall garden in a sustainable manner, fertilization for fall vegetables, and frost protection for fall gardens. Each attendee stated that they would plant a fall garden.
<p>3. Individuals and groups will acquire leadership and decision making capacities needed to guide and actively participate in local and state organizations.</p>	<ul style="list-style-type: none"> ● 4-H Agent attended New Extension Employee Orientation at NC State University. This training was aimed to continue to educate extension professionals on how to be most effective in their program areas. ● 4-Her Raven Dunson attended the NCACC meeting in Asheville, NC. She was exposed to the roles and responsibilities required of all commissioners. She was also able to gain a better understanding on the inner workings of the county and state government. She also attended the commissioners meeting for the month to

	<p>introduce herself to the board and community.</p>
<p>4. Youth and adults will address community issues and/or challenges through volunteerism.</p>	<ul style="list-style-type: none"> ● Vance County 4-H was able to secure 5 new volunteers over the month. These volunteers are essential to the 4-H program as we continue to address community issues. Some of these volunteers have been working with the Hamilton Street Project whose purpose is to increase community engagement and provide positive options for those choosing less than favorable alternatives.
<p>5. North Carolina's plant, animal and food systems will become more profitable and sustainable.</p>	<ul style="list-style-type: none"> ● Opening season at the Vance County Regional Farmers Market has progressed well. The new Manager is doing a commendable job of getting the operation running smoothly, and has worked tirelessly to promote the market. So far we have averaged approximately 10 vendors and 225 customers each market day. ● Pest management classes were held for forest landowners, farmers and landscapers, providing them with the latest information on safe and environmentally sound management of insects, diseases and weeds.
<p>6. Parents and caregivers will effectively use recommended parenting, self care practices and community resources.</p>	<ul style="list-style-type: none"> ● The Parenting Education Program has been busy recruiting parents and caregivers of children 3-5 years old for the two series beginning September 3rd and 4th. Both classes are filling up fast. Parent Educators have also held the first meeting with newly recruited Vance County citizens that will serve as Parent Ambassadors. They will become trainers who equip parents and others to know how to gain access to the community resources

	<p>needed for their families. Those recruited have begun the process of compiling a training manual and have already set a date for their next meeting.</p>
<p>7. Futures that Work: School to Career Pathways</p>	<ul style="list-style-type: none"> ● Raven Dunston’s participation in the NCACC event was important as this conference aims to increase youth interest in local and state government in hopes that they will pursue a career in this field. The education received by Ms. Dunston will go a long way when she begins to plan for college and her future career.
<p>8. Youth and adult program participants will make healthy food choices, achieve the recommended amount of physical activity and reduce risk factors for chronic diseases</p>	<ul style="list-style-type: none"> ● The EFNEP Kids in the Kitchen event ended early this month where youth were taught some healthy eating techniques. Snack and Meal recipes were learned and each session included at least 30 mins of physical activity throughout the day.
<p>9. Consumers and communities will enhance the value of plants, animals, and landscapes while conserving valuable natural resources and protecting the environment.</p>	<ul style="list-style-type: none"> ● Master Gardeners conducted multiple outreach efforts at the Vance County Regional Farmers Market, including information tables, publication displays, and seminars, providing the gardening public with valuable information about environmentally sound gardening and landscaping practices.
<p>10. North Carolinians will make decisions and adopt practices that implement effective resource protection and conservation.</p>	<ul style="list-style-type: none"> ● Vance County 4-H is planning the NC Big Sweep event to take place at Kerr Lake in a few weeks. The purpose of this event is to clean litter from our waterways. Currently advertising and getting teams set to participate.

Committee Reports and Recommendations

October 6, 2014

Water Planning Committee

This committee met on October 1, 2014 and completed a review of the monthly construction and operations reports, and held a discussion in preparation for a meeting with city representatives regarding county waterlines in the Extra Territorial Jurisdiction (ETJ) and in close proximity to existing city waterlines. Additionally the committee held a closed session to discuss property and easement negotiation matters for Phase 2A and 2B.

(1) Monthly Construction and Operations Reports (Phase 1A & 2A/2B). As requested by the full board, the committee has reviewed and fully discussed the reports with the engineers and Envirolink. The committee was made aware that construction is wrapping up in phases 2A and 2B with the potential for substantial completion of the originally bid lines within 30 days which will allow engineers to seek certification from the State to hook customers to the system. In reviewing the operational report, it was noted and discussed that customers are becoming acclimated to the system and have been more efficient with their water use and therefore the average water bill per customer has been reduced over the last few months from \$56.77 in June to \$51.66 in September. The committee stressed the importance of ensuring that the “availability” customers are paying their bills and have requested an aging report at their next meeting. In addition to these items, the committee was made aware that Envirolink will be providing an introduction and training presentation to the volunteer fire departments during the month of October. It is anticipated that the Departments have an interest in assisting with the maintenance of fire hydrants including, determining the flow rates and painting the hydrants according to flow rates. The committee expressed a desire that any future painting of the hydrants should be carried out according to the industry standards. Further details on this will be brought to the committee as worked out with the volunteer fire departments. *For information only.*

(2) Waterline extensions in close proximity to existing City of Henderson waterlines. The committee reviewed the county and city water system maps and prepared for discussions with the City by determining potential areas where overlaps are apparent between the City and County water systems. Due to time constraints with the county funding, the committee focused their attention on areas within the existing water district boundaries and where existing signups have been obtained. As a result of these factors, the committee prioritized US 158 Business, West Woods Hills Subdivision (Weybossett Road), Carolina Pines Subdivision (Burning Tree Drive), Parrott Road and West Ridge Drive, Hicksboro Road to Dabney and Allen Roads and the private portion of Thomas Road within Phase 2. Within Phase 1 it is anticipated that remaining funds will be limited, however the committee has prioritized McNair Drive located off of Vanco Mill Road and NC 39

South, and have asked staff to analyze this area prior to meeting with the City. It is anticipated that a meeting will be set for the committee and city representatives in the next couple of weeks. *For information only.*

(3) CLOSED SESSION – Property Matters. The committee met in a closed session to discuss property matters related to Phase 2A and 2B of the water system. The full water board will discuss these matters further in closed session. *Items to be discussed by Water Board in closed session.*

RE: Vance County
Phase I Contracts I & II
Status Report for September 2014

Dear Mr. McMillen:

Status Report

The contractor has been doing cleanup work during the month of September, as well as responding to homeowner concerns about road shoulders, ditches, etc.

The cleanup work along the front of Mr. Bud Wilson's property, 730 Stewart Farm Road, is complete. I have taken a few pictures to document the results.

I met with Ms. Jenny McCrary who resides at 834 Stewart Farm Road earlier this month. She was concerned that work performed during the installation of the water line along Stewart Farm Road had altered the flow of the creek through her property. I could not find any evidence that construction had changed the creek flow.

As you are aware, I will be on vacation starting Wednesday, September 24, 2014 until October 15, 2014. Mr. Thomas Reynolds will be covering any inspections that may be necessary during this time. His number is (910) 639-5742. We stopped by on Thursday, September 18, 2014 for you to meet Tom. We also visited the work underway at the booster pump site that day, as well as taking Thomas to meet Ken Long. The contractors have been advised to contact Thomas with their work schedule for all activities occurring during this time.

Additional Roads

There are roads in Phase I which have been designed and permitted, but not constructed. I am in the process of negotiating prices on the roads that are being considered to expend the remaining construction funding. I expect to have a change order to present during the next scheduled Water District Committee meeting, (late October/early November), that will properly account for the under runs that have occurred and the road additions.

Mr. Jordan McMillen

The additional roads being considered at this time are;

Mobile Home Park off of Vincent Hoyle Road
Rock Mill Road from Finch Road to Ridgecrest Lane
Ridge Crest Lane
Rock Mill Road from Ridgecrest Lane to end near Gillburg

As indicated above, the water lines along each of these roads have been designed and permitted. Some sections were not included in the original bid, while other sections were bid, but not constructed due to missing easements, insufficient sign ups, etc. Proceeding with these sections at this time spends remaining funds in the area it was initially intended, and adds new customers to the customer base. Should construction costs vary from what is estimated, such as more rock removal, progress can be tracked closely to delete footage from the end of Rock Mill Road to insure that the construction costs remain within the total project budget.

Should you have any questions or concerns, or need additional information, please contact me by cell phone or email at your convenience.

Sincerely,
HOBBS UPCHURCH ASSOCIATES

Status Update

October 6, 2014

Phase 2A

Contracts 1 & 2 - To date the Contractor (Hawley Construction) has completed the installation of the contracted water mains. Contract 1 is complete with the exception of services testing on Kelly Rd South and southern end of Hicksboro. The crossing is complete at the directional bore location tested and site restored. Contract 2 is complete with the exception of a few remaining services. The Booster Pump Station is installed waiting connection from Duke Energy (power). Start-up of the Booster Station will occur once the power is connected.

Phase 2B

Contract 1 - To date the Contractor (Gaines and Company) has completed the installation of the contracted water mains. Testing is mostly complete and still ongoing. The contractor is currently working on final clean-up and has begun installing water services.

Contract 3 – Tank – The tank painting is complete and piping and final site work still remains to be completed but is ongoing. The tank was to be completed by October 1, 2014. I am discussing this issue with the Tank Contractor currently.

General:

Design of additional roads is complete. Submission of plans and specifications to permitting agencies will occur during the second week in October. This is a deviation from the mid-September submission and is due coordination of water mains and easements along these road segments.
