RE: CAF: 15-62-A

Conduct Budget Public Hearing and Consideration of Citizen Input and the FY 2015-16 Recommended Annual Fee Schedule

Ladies and Gentlemen:

Recommendation:

 Conduct Budget Public Hearing and Consideration of Citizen Input and the FY 2015-16 Recommended Annual Fee Schedule

Executive Summary:

Consensus Achieved

The FY15-16 Recommended Budget was presented to City Council during a Special Called Meeting on Monday, May 18, 2015. Subsequent to the Budget's presentation, City Council met in a budget work session on May 21, 2015. A consensus of Council was achieved at the May 21 budget work session. A summary of the changes made to the Recommended Budget are provided below:

- Regional Water Fund
 - o The recommended 5% rate increase was maintained at 5%.
 - There were no changes made to this fund.
- Water Fund
 - The recommended 4% rate increase was maintained at 4%.
 - There were no changes made to this fund.
- Sewer Fund
 - o The recommended 9% rate increase was maintained at 9%.
 - There were no changes made to this fund.
- General Fund

- There were no recommended increases in the property tax and sanitation fee rates, and Council's consensus on the Budget did not change this recommendation. The changes made to the Fund are as follows:
 - Provide a \$52,000 increase for demolition.
 - Increase fund balance revenue by \$10,000 for demolition.
 - Shift \$10,000 in street resurfacing funds to demolition.
 - Increase Powell Bill revenue by \$10,000 (based on current year allocation and anticipated increase as a result of new legislation).
 - Reduce the health insurance budgets for each department based on the final rates. These rates were provided subsequent to the Recommended Budget being presented. The majority of these savings (\$22,000) contributed to the \$52,000 needed for demolition. The remaining balance of this savings (\$1,500) was added to the Governing Body's budget for a \$1,700 discrepancy in the FICA/Medicare matrix calculation.
 - Adjust the revenue budget for County reimbursements for the Youth Services, Aycock Aquatics Center and Recreation programs. A correction to the revenue calculation resulted in an increase in County reimbursements in the amount of \$9,100. \$200 was added to the Governing Body's budget to correct the remaining discrepancy in the FICA/Medicare matrix calculation and Sales Tax revenue was decreased by \$8,900 to bring that projection to a more conservative estimate.

All Other Funds

- o There were no changes made to the following funds' recommended budgets:
 - 70: Capital Reserve Utilities Fund; 72: Capital Reserve General Fund; and 73: Capital Reserve Economic Development Fund.
